

APICS CSCP PROGRAM

CERTIFICATION ROAD MAP

The APICS Certified Supply Chain Professional (CSCP) is a professional development and certification program that brings the entire value chain into perspective by providing a truly end-to-end view of the global supply chain. Follow these steps and you are on your way to advancing your supply chain management career with the premier APICS CSCP designation.

1 Find out if the APICS CSCP program meets your education and training needs.

Visit apics.org/cscp for more information on the program.

2 Determine if you are eligible for the APICS CSCP certification exam.

CSCP approved candidates must meet **ONE** of the following qualifications:

- Bachelor's degree or international equivalent **OR**
- Hold an active CPIM, CFPIM, CIRM, SCOR-P, CPM, CSM or CPSM credential **OR**
- 3 years of related business experience.

3 Choose the APICS CSCP Learning System to prepare for the certification exam.

Developed by subject-matter experts, the APICS CSCP Learning System is a comprehensive resource that combines print materials with interactive web-based study tools and covers the entire APICS CSCP *Exam Content Manual*.

Learn more about the APICS CSCP Learning System at learncscp.com.

4 Decide on a learning experience that best fits your needs.

Flexible educational options make it easier to pursue certification while you work to increase your earning potential and advance your career.

- 1 **Self-directed format.** Study at your own pace, when it's convenient for you.
- 2 **Instructor-led review courses.** Offered both in classroom environments around the world and online, you will benefit from the guidance of experienced instructors, a structured classroom environment and networking with industry peers.
- 3 **Corporate or group learning.** Corporate delivery options ensure consistent training and saves money through volume discounts for groups of 2 or more.

Find out more by visiting learncscp.com/learning-options.

5 Register for the APICS CSCP certification exam.

To earn your APICS CSCP designation, you must pass one comprehensive exam. Select a testing location and complete an eligibility application. Eligibility applications must be received two weeks prior to the day you register for the exam.

6 Take the APICS CSCP certification exam and make an impact with your CSCP knowledge.

Your training is a wise investment, as your skills impact your company's bottom line. You may be able to expand your supply chain management skills at no cost to you.

Training and certification from a respected source like APICS may qualify for tuition reimbursement or assistance programs, department training budgets or state-funded training grants.
